

Better beef breeding

Bull buying for the commercial beef breeder

Targeted at the commercial bull buyer and facilitated by B+LNZ Genetics, this workshop is designed to help you make good decisions about bull buying so you add value to your farming system.

Day includes practical live cattle demonstrations and mock helmsman auction.

Key steps covered:

- Setting a breeding objective
- Choosing a bull breeder that matches that objective
- Using genetic information to assess sale bulls
- Using physical information to assess sale bulls
- Settling your new purchase in and ensuring he is annually evaluated for breeding soundness
